PROFESSIONAL SUMMARY

Final-year B.Tech student and Full Stack Developer skilled in React.js, Node.js, MongoDB, and REST APIs. Experienced in authentication, API integration, scalable application development, and AI-assisted development. Strong foundation in Data Structures and Algorithms. Seeking a Software Development Engineer role.

EDUCATION

- Indian Institute of Information Technology, Una** Una, Himachal Pradesh
B.Tech in Computer Science Engineering 2023 – 2027

EXPERIENCE

- Cograd** Aug 2025 – Dec 2025
Full Stack Developer Intern
 - Developed and deployed 8+ full-stack features using React.js, Node.js, Express.js, and MongoDB, enhancing application functionality.
 - Integrated 5+ third-party APIs for authentication, payments, email, and AI-powered functionality.
 - Reduced page load time by 20% through frontend optimization, efficient API integration, and database query improvements.
 - Contributed to 10+ production deployments in an Agile environment using Git, GitHub, code reviews, and CI/CD pipelines.

PROJECTS

- BloodLink — Blood Donation Platform** July 2025 – Dec 2025
React, Tailwind CSS, Node.js, Express, MongoDB GitHub
 - Engineered a full-stack blood donation platform enabling users to discover nearby blood banks, request blood, and register as donors, improving access during emergencies.
 - Designed a multi-page interactive interface with donor registration, request workflows, and blood bank listings, enhancing usability and reducing user friction.
 - Spearheaded the creation of seamless navigation across five distinct application pages, cutting down user task completion time by 25%.
 - Integrated automated email notifications and certificate generation, reducing manual effort by 40% and improving user communication.
- PlaceFlow — College Placement Management Platform** Oct 2025 – Dec 2025
React, Node.js, Express, MongoDB, Role-Based Access Control GitHub
 - Architected a placement management platform to streamline campus recruitment for students and administrators.
 - Developed multi-role portals supporting Students, TPO Admin, Management Admin, and Super Admin, enabling structured access control for 4+ user roles.
 - Implemented secure RBAC authentication & authorization, ensuring protected access to sensitive placement data.
 - Built features including job postings, application tracking, and interview scheduling, improving workflow transparency and reducing manual coordination effort by 35%.
